

The airways are a national resource and licensed stations have the privilege of using them free of charge. They are to be used for the general welfare. Any smear campaign or one-sided presentation of a political candidate is inappropriate. I call on you, for myself and all citizens, to do your duty and enforce FCC rules and regulations. Should the Sinclair Network (or any licensed network) broadcast a smear of either Senator Kerry or President Bush during this critical election period, they should be called to task with the severest consequences available under the law.

I place my trust in you.
